

The judge's testimony was amazing! I just cannot get over what all has happened to her and those around her.

I recently started attending church and it is now my life. I'm not yet baptized, but a few nights ago I was saved. The judge helped me make my final decision, because to tell you the truth, I didn't think it was that important. I know I was wrong. My Youth Minister read me a few passages in the Bible that told me where I would go if I was to die today. I was headed for Hell.

The Judge's stories proved to me how lucky I was to be alive and how fast the Lord could take it from me. Some get lucky and get a second chance like the judge with her forehead problem. That crash could have killed her. If the crash did kill her then I probably would not have gotten saved at the point in my life that I did. It could have been too late and my soul would beg for ice water in the pits of hell for the rest of time. But thankfully the Lord sent her to the States to pass her stories. I know I'm not the only person who has changed my life because of her. Her stories are so true and inspiring that they make a non-believer wonder, "Is it possible?"

Yes! it is and the judge is living proof. I feel sorry for the non-believers. Sometimes it's not even their fault. They're just raised in a society where people tell that God is a myth. But I'm thankful because the judge delivers God's message to those that might never know!
